Forecast for Wednesday 09 Nov 2022

Weather: Clear then brighter spells mixed with showers for Wednesday. Outbreaks turning quite frequent through the morning and early afternoon, with some heavy and potentially bringing hail and thunder. Showers dwindling late afternoon, then cloud feeding from west from early evening, bringing some patchy rain from mid-evening.

Chance of cloud-free hill tops above 800m: By day 60% becoming 80% late afternoon, then lowering 30% from mid-evening.

Low cloud and visibility: Good becoming moderate or poor in showers and later rain, very poor within cloud with bases occasionally lowering 500m chiefly as showers push through, then more generally during the evening.
